Trophy winners are determined by a point system

All newspapers winning a number of awards in the Better Newspaper Contest are automatically eligible for the Mills and Vance trophies. Trophy winners are determined on the basis of points. 12 points are given for a first place in General Excellence, 10 points for second place in that category. After that, four points are given for every first place and two points for every second place in newspaper categories. Three points are given for every first place and one point for every second place earned by a staff member in the individual categories.
